Biography

I am a Namibian, working in Windhoek, currently employed as a Chief Hydrologist in the Ministry of Agriculture, Water and Forestry, Department of Water Affairs and Forestry, Directorate Water Resources Management. I have been working for the Ministry for twenty (20) years now. I hold a BSc Degree in Technology Inorganic and Organic Chemistry and a Masters Degree in Water Resources Engineering and Management.

I can speak four foreign languages: English, Spanish, Portuguese and German. In my free time I enjoy reading, jogging, and socialize with friends/families.
