

Name: **Temitope Olawunmi Sogbanmu, PhD**

Current employer & Appointment/title: **Lecturer in Environmental Toxicology and Pollution Management, University of Lagos, Nigeria**

Mentor or mentee: **Mentee**

E-mail: **tsogbanmu@unilag.edu.ng**

Country: **Nigeria**

### ***Area of Research/Teaching***

Environmental Toxicology and Pollution Management

### ***Biography***

Temitope Sogbanmu is a lecturer at the Department of Zoology, University of Lagos. She received her B.Sc. (Hons) in Zoology in 2006 and her PhD in Environmental Toxicology and Pollution Management in 2016 from the University of Lagos, Nigeria. Her research focus is on the risk assessment and management of organic pollutants in various environmental media using classic and emerging ecotoxicology tools. This is with a view to develop and provide targeted environmental management advice to regulators/policymakers as well as innovative products for the treatment of wastewaters.

She is an affiliate of the AAS, a member of the Nigerian Young Academy (NYA), an Awardee of the L’Oreal-UNESCO For Women in Science in Sub-Saharan Africa 2014, a fellow of the West African Science Leadership Programme 2019 and a Board of Trustees member of the Society for Environmental Toxicology and Pollution Mitigation (SETPOM) since 2013. Professionally, she has served as an Ecology/Waste Management expert on review panels constituted by the Federal Ministry of Environment in Nigeria for Environmental Impact Assessment draft reports since 2018. She has delivered invited lectures at meetings and seminars organised by Anchor University, Nigeria; Women Advancement Forum International Exchanges, Research and Academia (WAFIRA) and Nigerian Environmental Society (NES). She is an active member of professional societies including the Society of Environmental Toxicology and Chemistry (SETAC), Society of Toxicology (SOT) and Organization for Women in Science in the Developing World (OWSD).

Temitope is a recipient of several research grants and fellowships. She recently completed a Science Policy Fellowship at the Federal Ministry of Science and Technology, Nigeria sponsored by the African Academy of Sciences (AAS) where she investigated the ‘research-science advice-policy nexus for sound environmental management in Nigeria’. She is advocate of science communication and researcher visibility.

# **Temitope Sogbanmu, PhD** **Lecturer/Ecotoxicologist and** **Pollution Management Expert** **University of Lagos** **Nigeria**

**Education:** BSc (Hons) Zoology, MSc Environmental Toxicology and Pollution Management, PhD Environmental Toxicology and Pollution Management

**Research Interests:** Ecological risk assessment of organic pollutants in aquatic ecosystems, Wastewater treatment methods, Fish embryotoxicity, Environmental risk communication, Science Policy

**Selected Courses that I teach:** Environmental Regulations and Standards, Environmental Assessments, Introduction to Ecotoxicology, Environmental Pollution and Management, Man and the Environment.
